ABOUT

Software Engineer (3+ YOE) with experience in **trading and market data systems**, exchange onboarding, and **real-time data pipelines**. Strong in **Java, C++, Linux, multithreading, performance engineering**, and delivering reliable data to trading desks. Experienced in collaborating with traders, quants, and downstream application teams to deliver low-latency, reliable data for trading workflows.

EXPERIENCE

Morgan Stanley

Software Engineer 2 (Associate)

Mumbai, Maharashtra

March 2025 - present

- Integrated new global exchanges into firm trading systems by developing and validating **market data ingestion, static data mapping, symbol definitions, and instrument** onboarding for **Cash Equities and Listed Derivatives**.
- Enhanced a **real-time notification system** that publishes intraday market updates to trading and downstream systems with strict latency and reliability requirements.
- Developed and optimized **ETL + real-time data ingestion pipelines using Java, Sybase, MongoDB, Airflow, Talend** to process high-volume market data from Bloomberg, Reuters, and direct exchange feeds.
- Migrated critical legacy applications from **Ivy** → **Gradle**, modernizing build pipelines and improving deployment consistency.
- Conducted internal onboarding and tooling sessions for new engineers.

Accolite Digital India Pvt Ltd

Senior Software Engineer

Mumbai, Maharashtra

January 2022 - March 2025

- Developed backend components for **market/reference data ingestion and transfer**.
- Automated **intraday/EOD** data processing using stored procedures.
- Built UI modules for internal hiring platform using AngularJS.

RECOGNITIONS

- 2023: Awarded for rapid Root-Cause Analysis and resolution of production issues during an active trading day.

SKILLS

Programming Languages : Java, SQL, Python, C++, JavaScript.

Tools : **Linux**, IntelliJ, AutoSys, **GIT/Version Control**, JIRA, MongoDB Compass, Talend Big-Data Platform.

Core : **Distributed Systems**, Low-Latency Systems, FIX/ITCH/OUCH (Familiar), Trade Lifecycle, **Real-Time Market Data**, Market Microstructure

Soft Skills : Time Management, Mentorship, Analytical Thinking, Production Stability.

EDUCATION

Bachelor of Computer Science : Shri Ramdeobaba College of Engineering and Management

2018-2022

CGPA : 8.2 / 10

Relevant Coursework : Operating System, Data Structures and Algorithms, Computer Network, Object Oriented Programming, Database Management System, Compiler Design.

Senior Secondary School : Prerna Junior College(**91.08**)

2016 - 2018

Higher Secondary School : T.B.R.A.N.S Mundle English Medium School(**93.80**)

2012 - 2016
